Technology & Innovation - Architecture

TECHNOLOGY & INNOVATION - DIFFERENTIATORS

- **AI Engine is powered by 60+ LLMs** with Mixture of Experts (MoE), Reasoning & Deep Research capabilities
- **Query based automatic model** switchover and smart routing
- **“Wisdom of Crowd”** using beaming, fusion and guided merge techniques
- **LLM optimization** to overcome high latency, computation complexity, memory constraints, token limits and hallucinations
- **Efficient memory management** with hidden token and cost optimization
- **300+ Subject Matter Experts from Academia from Industry** across various disciplines and domains to build the primary training data, relevant to Indian students
- **Multi-lingual support** including Indian English, Hindi, 18+ Indian Languages and 30+ Foreign languages, typically includes Bhojpuri, Nepalese, Mizo etc.

TECHNOLOGY & INNOVATION FUTURE ROADMAP

- **March, 2026** - Building an array of AI Personal Coaches on Pharmacy, Biomedical, Biotechnology, Medical Science and Paramedical domains
- **August, 2026** - Building an array of AI Exam Guides on Higher Studies Exams e.g. GATE, CAT, GRE, GMAT, TOEFL and others
- **March, 2027** - Building an array of AI Exam Guides on Competitive Exams e.g. UPSC, SSC, Railways, Defense, Central & State PSUs, other departments along with ISRO, DRDO etc.
