

WEGOMEDS

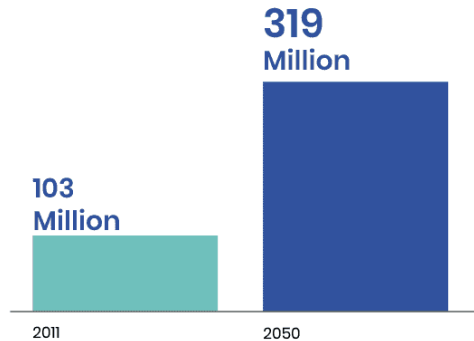

Wegomeds

One stop solution
for all at-home acute- care needs of elderly

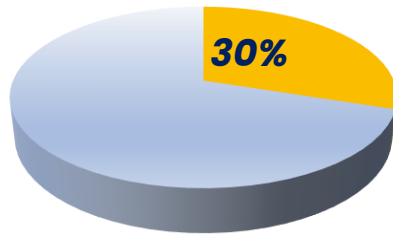

Current Challenges

India is home to >100 million elderly

30%* of elderly are suffering from Acute Illnesses

And they are struggling to recover...

Long recovery time

- Lack of vetted HCPs/ HCWs

Lonely Journey

- Most of elderly are away from children

Awareness Problems

- Holistic well being & health

Problem

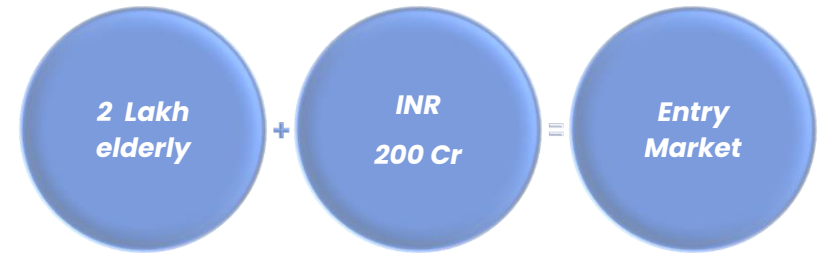

Lack of on-demand comprehensive solution to cater to the acute care requirements of elderly patients within the comfort of their homes

Findings

The healthcare system around recovery of elders from the comfort of their home is completely broken

India market size
